

## ENVIRONMENTAL POLICY

Australian Crusher Repairs is committed to our goal of minimising the impact of our operations on the environment.

Australian Crusher Repairs will seek to achieve this by meeting the following objectives:-

- The establishment and implementation of the ACR Health Safety and Environment management system which is to the Standard of AS/NZS 4801:2001 and ISO 14001:2004;
- Comply with all applicable laws, regulations and standards governing environmental management;
- Setting measurable and realistic objectives, targets and reporting on our progress towards their achievement;
- Ensuring our environmental impacts are considered and managed through risk management practices across all aspects of our operation;
- Minimise emissions and pollution to acceptable levels;
- Measure key performance indicators to continually improve our environmental performance; and
- Review and amendment of this policy to ensure it remains relevant to our operations at all times.

The requirements of this policy will be communicated to all personnel through our company induction, where responsibilities and obligations in relation to this Policy will be explained and promoted.
