

## HEALTH & SAFETY POLICY

Australian Crusher Repairs is committed to providing a safe workplace for our workforce and to achieve our health and safety goal of an incident free workplace.

Australian Crusher Repairs will seek to achieve this by meeting the following objectives:-

- The establishment and implementation of the ACR Health Safety and Environment management system which is to the Standard of AS/NZS 4801:2001 and ISO 14001:2004;
- Comply with all applicable Health and Safety laws and regulations, Client Standards and obligations whilst monitoring compliance and change;
- Provide Health and Safety training to our entire workforce;
- Conduct regular reviews of our work areas, equipment and systems through internal audits, management reviews, incident investigation and reporting, task observations, management interaction and inspections;
- Comprehensive risk management practices and the intergration of all risk management principals into our work processes to ensure hazards are identified and controlled to reduce the risk to workers to as low as reasonably possible;
- Review and amendment of this policy to ensure it remains relevant to our operations at all time; and
- Creating and building a culture that empowers our workforce to act in a safe and responsible way.

The requirements of this policy will be communicated to all personnel through our company induction, where responsibilities and obligations in relation to this Policy will be explained and promoted.
